(2) The said statement shall specify the name of either the packer or the labeller of the food and an address at which such person carries on business:

Provided that—

(a) where the food is packed or labelled on behalf of or on the instructions of another person and such other person carries on business at an address in the United Kingdom, the statement may specify the name and the said address of that other person instead of the name and address of the packer or labeller, as the case may be:

(b) it shall be sufficient if instead of the particulars specified in this paragraph there appears prominently on the label a trade mark (other than a certification trade mark) of which there is in the Trade Marks Register kept under the authority of the Trade Marks Act, 1938(g), a subsisting entry in respect of such food, and if there is associated therewith on the label the words "Registered Trade Mark"

(3) Except as respects intoxicating liquor pre-packed for sale as such, the said statement shall also specify—

(a) in the case of a food consisting of one ingredient the appropriate designation of the ingredient;

(b) in the case of a food made of two or more ingredients the common or usual name (if any) of the food and the appropriate designation of each ingredient, and, unless the quantity or proportion of each ingredient is specified, the ingredients shall be specified in the order of the proportion in which they were used, the ingredient used in the greatest proportion (by weight) being specified first:

Provided that—

(i) it shall not be necessary to state that the food contains water;

(ii) where a food contains an ingredient which is made from two or more constituents, the appropriate designations of those constituents shall be so specified and it shall not be necessary to specify the appropriate designation of that ingredient.

For the purposes of this paragraph "appropriate designation" means a name or description, being a specific and not a generic name or description, which shall indicate to a prospective purchaser the true nature of the ingredient or constituent to which it is applied.

(4) (a) In the case of intoxicating liquor pre-packed for sale as such the said statement shall also specify the appropriate designation of the product and (except in the case of beer, cider and perry and of wine obtained by the fermentation in the district of its origin of the juice of freshly gathered grapes which wine has not been subject to any process so as to alter its character) such one of the following declarations as may be applicable or such other declaration substantially to the like effect as may be allowed by the Minister, that is to say:—

(i) in the case of undistilled fermented liquor, not made from freshly gathered grapes, which in so far as it is derived from fruit, is derived exclusively from one variety of fruit:—

**FRUIT BASIS EXCLUSIVELY (x)
NOT LESS THAN (y)**

(g) i & 2 Geo. 6. c. 22.

- (ii) in the case of undistilled fermented liquor, not made from freshly gathered grapes, derived from more than one variety of fruit:—

**FRUIT BASIS (x) AND (x)
NOT LESS THAN (y)**

- (iii) in the case of undistilled fermented liquor which is not derived wholly or in part from fruit:—

**NOT MADE FROM FRUIT
NOT LESS THAN (y)**

- (iv) in the case of brandy, gin, rum and whisky, the alcohol content of which is less than 65 per cent. proof spirit:—

**DILUTED WITH WATER TO NOT
LESS THAN (y)**

Provided that this requirement shall not apply to brandy the alcohol content of which has fallen below 65 per cent. proof spirit only through maturing in cask ;

- (v) in the case of any other intoxicating liquor to which the requirements of this paragraph (4) as to declaration apply:—

NOT LESS THAN (y)

The declaration shall be completed by inserting at (x) in cases (i) and (ii) a word or words accurately specifying the description of fruit or fruit products as used by the manufacturer in the process of fermentation and at (y) in cases (i) (ii) (iii) and (v), except as respects brandy the alcohol content of which has fallen below 65 per cent. proof spirit only through maturing in cask, the minimum alcohol content expressed in figures either as a percentage by volume or as a percentage of proof spirit and followed by the words "PER CENT. ALCOHOL BY VOLUME" or "PER CENT. PROOF SPIRIT" as the case may be.

In case (iv) above and in case (v) as respects brandy the alcohol content of which has fallen below 65 per cent. proof spirit only through maturing in cask the declaration shall be completed by inserting at (y) the minimum alcohol content expressed in figures either as a percentage of proof spirit followed by the words "PER CENT. PROOF SPIRIT" or as degrees proof followed by "° PROOF"

In case (ii) the fruit or fruit products used shall be specified in the order of the proportion in which they were used, that used in the greatest proportion (by weight) being specified first.

In every case, the declaration shall be printed in dark block type upon a light coloured ground or in light block type upon a dark coloured ground and shall be enclosed by a surrounding line in the manner indicated above and no matter other than that hereinbefore described shall be printed within such surrounding line, provided that in the case of brandy, gin, rum and whisky, the alcohol content of which is not less than 65 per cent. proof spirit and of any other intoxicating liquor the alcohol content of which is not less than 40 per cent. proof spirit, it shall be sufficient for the declaration to be in the following form:—

(z) ° PROOF

inserting at (z) the figure which represents the percentage of proof spirit.

The declaration shall be printed in block type not less than $\frac{1}{16}$ th inch in height except in the case of liquor pre-packed in bottles less than the normal half bottle size when the declaration may be printed in block type not less than $\frac{1}{16}$ th inch in height.

(b) For the purposes of this paragraph—

(i) “appropriate designation” means a name or description, being a specific and not a generic name or description, which shall indicate to a prospective purchaser the true nature of the product to which it is applied: and in particular—

(aa) such appropriate designation shall include or be accompanied in the said statement by the name of the country or countries of origin of the liquor;

(ab) geographical names which are not names for distinctive types of intoxicating liquor shall not be applied to liquor produced in any locality other than the particular locality indicated by the name; and

(ac) where any liquor is described in terms which might infer or suggest that it is a distinctive type of intoxicating liquor which has originated in a particular country or locality and the liquor is not the produce of that country or locality, the name or description shall be immediately preceded by an adjective indicating the true country or locality of origin printed in such a manner as to be substantially as conspicuous as such name or description.

(ii) “fruit” includes rhubarb.

(iii) intoxicating liquor shall be deemed not to be derived from any fruit which is present therein only in insignificant quantities.

(2) Paragraph (2) and subparagraph (3) (a) of Article 4 shall not apply to any food consisting of one ingredient packed in advance by a retailer in a wrapper or container on the premises where it is to be sold by him, provided that this exemption shall not apply if the wrapper or container or any label given with the food bears any words referring in any way to the food other than such as are necessary to identify the food or to indicate the price and quantity thereof.

(3) Paragraph (2) of Article 4 shall not apply to any food consisting of two or more ingredients which is packed in advance by a retailer in a wrapper or container on the premises where it is sold by him.

(4) Where any food is pre-packed in a wrapper or container containing less than one-half of an ounce or less than one-half of a fluid ounce, as the case may be, and owing to insufficient space on the wrapper or container it is not reasonably practicable for all the particulars specified in paragraphs (2) and (3) of Article 4 to appear on the label, it shall only be necessary to specify such of those particulars as it is reasonably practicable to specify, and the particulars required by paragraph (3) shall be specified first.

PART III

For the purposes of this paragraph pre-packed food shall be regarded as unlabelled only if no words or marking referring in any way to the food appear on the wrapper or container or on any label printed thereon or attached thereto, save that the food shall not be regarded as labelled merely by reason that the wrapper or container has been marked at the time of packing with such words or other marking as are reasonably necessary to identify the goods.
