

School of Biological Sciences**Research Seminars, Spring Term, 2017**
Tuesdays, 1-2pm**Venue – Palmer 109 and HUMSS Van Emden Lecture Theatre**

- 10th January**
PALMER 109
Prof. Dave Kelly - Professor of Microbial Physiology, University of Sheffield
'A pain in the butt: Understanding the physiology of Campylobacter jejuni'
Hosted by [Dr. Sheila MacIntyre](#)
- 17th January**
PALMER 109
Dr. Mike Morecroft - Natural England and University of Oxford.
'Climate change and UK ecosystems: impacts, adaptation and mitigation'
Hosted by [Dr Tom Oliver](#)
- 24th January**
PALMER 109
Prof. Marisa Martin-Fernandez - Central Laser Facility STFC, Harwell
'EGF receptor structure-function relationships in the cellular nano-environment'
Hosted by [Dr. Kim Watson](#)
- 31st January**
PALMER 109
Dr. Aldina Franco - Senior Lecturer, School of Environmental Sciences, University of East Anglia
'Causes and mechanisms underlying changes in the migratory behaviour of birds: implications for conservation'
Hosted by [Dr Richard Walters](#)
- 7th February**
PALMER 109
Dr. Sabrina Golonka – School of Social Sciences, Leeds Beckett University
'Gibson in the brain: what can neuroscience gain from ecological psychology?'
Hosted by [Prof. Slawomir Nasuto](#)
- 14th February**
NO SEMINAR THIS WEEK
- 21st February**
PALMER 109
Dr. Hazel Nicholls - Liverpool John Moores University
'Inbreeding and inbreeding avoidance in the banded mongoose'
Hosted by [Prof. Mark Fellowes](#)
- 28th February**
PALMER 109
Dr. Alexandre Jousset - Utrecht University, Netherlands
'Early-life microbiome composition determines future host health'
Hosted by [Prof. Rob Jackson](#)
- 7th March**
PALMER 109
Dr Eva Kevai – University of Reading
'Proteostasis and Ageing: The Role of Ubiquitination in Safeguarding the Proteome'
Hosted by [Dr. David Leake](#)
- 14 March**
PALMER 109
Dr Chris Kempes - Santa Fe Institute, USA
'The limits of size and architecture: constraints within classes of organisms from bacteria to mammals'
Hosted by [Prof. Richard Sibly](#)
- 21st March**
HUMSS
Van Emden Lecture Theatre
ICMR Seminar - The British Pharmacological Society Bill Bowman Travelling Lectureship
Dr Nicholas Kirkby, Imperial College, London
'Cardiovascular pharmacology of cyclo-oxygenase: challenging dogma and defining new Paradigms'
Hosted by [Dr. Chris Jones](#)
