BOOKABLE OUTDOOR SPACE

You can now book outdoor space on the University campus to support you with social distancing.

BOOK AN OUTDOOR SPACE

We have released bookable outdoor spaces that you can use for your events.

There are a number of spaces across the campus that you can book for free as long as the booking is for student related activities or student recruitment or there is a commercial benefit to the University.

The Venue Reading team are looking after bookings and will be able to advise on the most appropriate spaces for your planned activities.

Please note, the sports grounds are not bookable via Venue Reading. These areas need to be booked via the Sports Park.

If you would like to book one of the bookable outdoor spaces, you will need to email info@venuereading.com to request the spaces shown in the next few pages. The team will then let you know if its available and book for you. You will also be provided with the NHS Track and Trace QR code poster for the area you will be using.
