UNet Choices Conference  
24 June 2016  
University of Reading

Making the right choice  
Teachers’ Programme
The UNet Partnership
UNet is a partnership of six leading universities Bath, Cardiff, Oxford, Reading, Southampton and Imperial College London. We all offer extra support to sixth form and college students from families without a background of university study who are applying to leading universities.

Choices Conference
UNet partners organise an annual Choices Conference for students planning to make an application to a leading university in the region. Students have the opportunity to: attend a Higher Education Fair; participate in workshops to help them choose the right course; take part in UCAS personal statement sessions; find out about student budgeting; and explore career opportunities with graduates.

This year as part of the Conference we are giving teachers the opportunity to come together as part of the programme of the day. Teachers will have the opportunity to find out:

- how to support their students in choosing the right course and university
- how to assist students in making competitive applications to leading universities
- about the range of additional programmes offered by universities to support students

UNET CHOICES CONFERENCE
24 JUNE 2016 UNIVERSITY OF READING
