

HELLO NEIGHBOUR

It looks like you're having some trouble with your bins.

Rubbish won't be collected if it's not in your black bin or if the lid doesn't close. Try to recycle more to reduce waste – but remember only the following things can be put into your red recycling bin:

- ♻️ Plastic pots, tubs and bottles
- ♻️ Tins and cans
- ♻️ Tetra Pak cartons
- ♻️ Clean foil and foil trays
- ♻️ Paper and card

No glass, carrier bags or bulky items. Rinse the items and place them loose into your red bin (not inside a plastic bag).

If you are having problems with your rubbish, ask your neighbour for advice or contact community@reading.ac.uk

For more information visit recyclenow.com or reading.gov.uk/rubbish

HELLO NEIGHBOUR

It looks like you're having some trouble with your bins.

Rubbish won't be collected if it's not in your black bin or if the lid doesn't close. Try to recycle more to reduce waste – but remember only the following things can be put into your recycling box:

- ♻️ Aerosols
- ♻️ All food tins and drinks cans
- ♻️ Paper and card
- ♻️ Clean foil and foil trays
- ♻️ Tubs (ice cream and margarine)
- ♻️ Cartons or tetrapaks – all without lids
- ♻️ Plastic bottles without lids, plastic food trays, cosmetic pots

No glass, or carrier bags and no bulky items.

Leave your recycling box by the kerb by 6.30am on your collection day.

If you are having problems with your rubbish, ask your neighbour for advice or contact community@reading.ac.uk

HELLO NEIGHBOUR

If it's your bin, take it in!

Bins block the pavement for passers-by and are a magnet for litter.

Label your bins with your house number to identify them easily and then put them into your front garden, or by your front door.

If you are having problems with your rubbish, ask your neighbour for advice or contact community@reading.ac.uk
