

Teaching: Prof Rainer Cramer, CChem FRSC

Professor Rainer Cramer, CChem FRSC
Vordiplom-Mathematics,
Vordiplom-Physics,
Diplom-Physics (Münster);
Dr. rer. nat. (Münster/Vanderbilt)

Professor of Mass Spectrometry and
Bioanalytical Sciences

Teaching (2023/2024)

- First year CH1M2 module “Mathematics”, Workshops
- Second year CH2AN3 module “Analytical Chemistry”, Lectures in “Chromatography” and “Mass Spectrometry”
- Third year CH3AN3 module “Advanced Analytical Techniques for the Pharmaceutical Sciences”, Lectures and Workshops in “Mass Spectrometry and Electrophoretic Methods”
- Third year CH3CRP module “Introduction to Chemistry Research and Practice”, Lecture and Seminars
- Third year CH3PRAC module “Advanced Chemistry Practical Training”, Practicals
- Third year CH3PR BSc research projects
- Fourth year CH4AN1 module “Advanced Analytical Techniques for the Molecular Sciences”, Lectures and Workshops in “Mass Spectrometry and Electrophoretic Methods”; also Module Convenor
- Fourth year CH4PR MChem research projects
