

MODULE SELECTION PROCESS

RISIS PORTAL

Here you will find information on your programme and be able to browse and select your modules.

ESSENTIALS WEBPAGES

Here you will find information on how and when to choose your modules, programme specifications, and a list of FAQs.

ONLINE SUPPORT

You can ask a question about module selection via Me@Reading or you can email moduleselection@reading.ac.uk.

SUPPORT CENTRES

You can visit your Support Centre in person for assistance with module selection or you can get help over the phone.

ACADEMIC STAFF

You can speak to your Programme Director or Academic Tutor for guidance on which modules to choose.

1

VISIT RISIS PORTAL ONLINE

Check your University of Reading email account - you will receive an email telling you that the module browser is now live on the [RISIS portal](#) to start considering your optional module choices.

2

BROWSE MODULES

- 1) View your optional modules online.
- 2) Talk to your Programme Director.
- 3) Talk to your Academic Tutor.
- 3) [View module descriptions](#).

THINK...

- Do I have the pre or co-requisites?
- Are there any [programme rules](#)?
- Am I interested in the module?

3

WAIT FOR AN EMAIL

Check your University of Reading email account - you will receive an email telling you that online module selection is now live on the RISIS portal so you can make your optional module choices.

4

SELECT MODULES

Make your module selections online via the RISIS portal. You have a limited time window to do this so don't delay. Help and FAQs can be found on [Essentials](#). If you require further assistance, make use of the resources above.

5

CHECK AND SUBMIT

Check - have I pressed the submit button?
You must save your modules and press submit. If you fail to press the submit button your choices will not be submitted and you will not be considered for a place on those selected modules.

6

FINISH

Check this page for information on when module selection closes.
You will be notified by your Support Centre if you are not successful in gaining a place on your selected modules. You will be asked to select an alternative.
