

# MODULE SELECTION

Dear

You have not yet selected your optional module(s) for the academic year starting in September 2021. Please [make your optional module selection\(s\) in the RISIS portal](#) as soon as possible.

## What do I need to know?

- If you have selected your modules during the past week, you do not have to do anything else.
- If you are not sure if this applies to your course or programme, contact the [Student Support Coordinator](#) for your school or department.
- Requests are dependent on availability of spaces on modules and timetables too.
- You will be prevented from progressing or graduating if you don't have your full quota of 120 credits, to meet your programme requirement.
