

# Module Selection

1

## Visit RISIS portal online

Check your University of Reading email account - you will receive an email telling you that Module Selection is now live on [RISIS](#) portal. Log in and make any choices for your optional module.

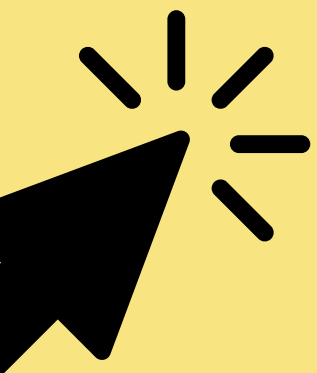

2

## Review Modules

- 1) View your optional modules online
- 2) Talk to your Programme Director
- 3) Talk to your Academic Tutor
- 3) [View module descriptions](#)

Think...

- Am I interested in the module?
- Do I have the pre or co-requisites?
- Are there any [programme rules](#)?

3

## Select Modules

Make your module selections online via [RISIS](#) portal. You have a limited time window to do this so don't delay. Please do this in a timely way to avoid any timetable clashes or missing information.

4

## Check and submit

### Check – have I pressed the submit button?

You must save your modules and press submit. If you fail to press the submit button your choices will not be submitted and you will not be considered for a place on those selected modules.

5

## Finish

[Check Essentials](#) for the latest module selection closing dates. You will be notified by your Support Centre if you are not successful in gaining a place on your selected modules. You will be asked to select an alternative.

## Where to find help:

### Academic Staff

You can speak to your Programme Director or [Academic Tutor](#) for guidance on which modules to choose.

### Essentials webpages

Here you will find information on how and when to choose your modules, programme specifications, and a list of FAQs.

### Online support

You can ask a question about module selection by emailing [moduleselection@reading.ac.uk](mailto:moduleselection@reading.ac.uk) or using the '[Ask us a question](#)' button on RISIS

### RISIS portal

Here you will find information on your programme, and select your modules.
