

Halls Contribution Application Form

2023/2024

Please use this form to apply for a contribution towards your halls accommodation costs if these are higher because of your disability related needs.

If you would prefer, you can go through this information verbally with a member of the Disability Advisory Service. Please contact us on 0118 378 4202, e-mail disability@reading.ac.uk or call in to the Disability Advisory Service in the Carrington Building to make an appointment.

Please note: this is NOT an application for a Halls place – you must apply for a Halls place using the normal procedure and within the deadlines advertised.

All requests for adjustments in halls of residence should be made on your Halls application form - [Accommodation application form](#). Please include requests for ensuite bathrooms, fridge for medical use, deaf alerter, and any other specific room or adjustment requests. It is really important that you make your request on your accommodation application form as the Disability Advisory Service are not involved in room allocation. If you have already submitted your accommodation application form and not provided this information, we recommend that you get in touch with accommodation to detail these adjustments as soon as possible. You can contact them at: accommodationonline@reading.ac.uk

This form cannot be used for students staying in private halls of residence or private accommodation.
