

# Online enrolment

## Instructions and explanations for new undergraduate students

The University asks every student to complete an enrolment process, during which you can confirm or correct your personal details, your academic details and your fee payment details. We hold this information on our central student database, called RISIS and you complete the enrolment process online, using the RISIS Portal.

You can complete the online enrolment process from any computer, anywhere in the world; and you can work through the process in stages, stopping and re-starting as you please.

We ask you to complete online enrolment, pay your fees (or make suitable arrangements with a sponsor to do so) and provide your passport and visa details if you need a visa to study here, or provide photo identification otherwise (e.g. passport or driving licence). Once you have done this, you will be able to collect and activate your University username and email address, and if you are based on the Reading campus for your studies, you will be able to collect your Campus card.

You need to complete this process before the beginning of term. If you haven't completed the enrolment process, this may affect your funding or some of your associated access such as your Library access.

If you can't use online facilities due to visual impairment or another disability, please contact your Admissions Officer or the University Disability Office.

Please note that these instructions are very detailed. There is a separate page for most screens that you will see. Please use the index below to help you to find the areas where you need help. Every screen will also give online instructions so you may find that you only need to refer to one page of these instructions if you need further information. You can print these instructions out.

## Need further help logging in?

### **This is my first time logging into the RISIS portal – what should I do?**

**If this is your first time logging into the RISIS portal**, you will need to enter your registered email address as your username (this will be the email address that you used when applying to the University, via UCAS or as a direct application). For your password, use your date of birth in the format ddmmyyyy (for example, if your birth date was 22 May 1982, you would enter this as 22051982).

**Now click the Log in button** – you will then be taken to a screen to create your own password. You will also be asked on screen to create an account recovery question, answer and hint. We ask you to create this, so that if you ever forget your password, you can click on the '*Forgotten your password?*' button on the RISIS portal, provide some personal details and the answer to your account recovery question, and then reset your own password.

### **Problems:**

**If you have had an error message**, please check that you have entered your registered email and password correctly.

**If you can't remember the password you created**, don't worry, click on the '*Forgotten your password?*' button on the page. You will then be taken to a page where we will ask you to provide us with some additional details and the answer to your account recovery question (this is the question, answer and hint your created when you first logged into the RISIS portal or applied to us directly). When you answer those details correctly, you will then be prompted on screen to create a new password for your account.

**If you have still not succeeded in logging in or can't remember your account recovery answer**, don't worry. Click on the link to the right of the applicants and past students' box on the login page to email the Student Information Systems (SIS) Team. We will reply to your email as soon as possible: we work in office hours. Please note that, for reasons of data protection, we can only reply to the email address we hold against your records on the database.

**Please email us rather than phoning us: we may have to make adjustments to the database when you contact us, and this is much easier to do from an email.**

## Interim programme screen

You have more than one programme of study on RISIS.

Please select one to log on to the RISISweb portal.

Choose which programme records you'd like to see.

Choose the programme:

Not everyone will see this screen. However, if you have studied on other programmes at Reading as well as this one, you may see this selection screen now. Select the programme that you need to enrol for, and then click on either '*Temporary Selection*', which means you will see this selection screen every time you log in; or '*Permanent Selection*', which means you won't see this screen again but will only see the records which relate to that one programme that you've chosen.

The date given is the date on which you started or will start the course, and the numbers in brackets at the end show the block (joining point) that you started on.

For those who have selected Permanent Selection here, there is a link on the Personal Data screen on the portal which lets you change your settings and return to being given this choice again in future. You will only be able to see the Personal Data link once you have completed online enrolment.

## What to do next

Once you have successfully logged into the RISIS Portal you will find a box called **Enrolment Overview**. This shows the steps that you will need to take to complete your enrolment with the University. An orange box shows that you need to take action; a green box shows that the action is complete and a grey box means that the particular option is not yet available. If you hover the cursor over each box further explanatory text will appear.

**Click on the Online Enrolment** box to access the online enrolment homepage.

# Start of Stage 1

**Online enrolment**

Welcome to the University's online enrolment process

Please complete the University's online enrolment process in order to become a fully registered student of the University for the coming year.

Online enrolment involves the four stages shown below, during which you need to check or amend the information we hold about you, or add new data.

For further information about the online enrolment process please see the [online enrolment instructions](#). These instructions are a step-by-step guide through the online enrolment process, complete with screenshots. We encourage you to refer to these instructions if you have any queries as you complete the online enrolment process. If you are a **new student** and you need further help, please [click here to email the Student Help team](#). If you are a **returning student** and you need further help, please contact your Support Centre. You can find the contact details of your Support Centre by [clicking this link](#).

The diagram shows four stages in a sequence: Rules and Regulations (highlighted in orange), Personal Details, HESA Details, and Fees.

The current stage is highlighted in orange and you can click this stage to complete the required information. Subsequent stages will become available as you complete the previous one.

The address, contact and Emergency Contact details screens in the Personal Details section will be available after you have completed online enrolment. It is your responsibility to keep this information accurate and up to date. These details are important, as the University will need them to contact you or your designated representatives about important University matters.

You can amend some data directly on screen, but in other cases changes to data need to be notified to the relevant office and an email link is provided for that purpose.

Where the data is incorrect and needs to be corrected before you can continue, the process of online enrolment will be interrupted while this is sorted out. The University office responsible for dealing with the amendment will make the change as quickly as possible within office hours, and will notify you by email where possible. You will then need to start at the beginning of the process but should be able to move quickly through the screens already checked to the relevant screen and continue from where you stopped.

Your home page will look similar to the one above. As you will see, there are different stages to the online enrolment process: you may not be expected to complete all four stages. You will return to this screen at the end of each stage.

On this screen, there will also be a link to email the Student Help team if you are a new student and you need further help with online enrolment.

**Click on the orange Rules and Regulations box** to start the online enrolment process.

## Problems:

If you can't see the container above, this will be for one of three reasons:

- you have already completed online enrolment
- you are not looking at the correct programme records
- or you are not expected to complete online enrolment.

Staff in the University Admissions Office may override the settings on your records to stop you from completing online enrolment. This may be because you have yet to finalise your funding arrangements, or may be because you have not yet proved that you have met all conditions relating to your application. If you have had a letter from the University Admissions Office asking you to enrol online, it is unlikely that they will have overridden your records.

If you have studied on a previous programme at Reading, and you think you have logged into the wrong programme records, then please let us know: we will need to reset your records so that you have to select the appropriate programme of study next time you log in. If this is the problem, or if you have another difficulty, please email us at [risis@reading.ac.uk](mailto:risis@reading.ac.uk) and we will investigate – and resolve – the problem!

## Rules and regulations

**Alternate email address**

The University will normally use your University email address to contact you and you are expected to check messages sent to that address. We do need you to provide at least one alternative email address so that we are able to contact you if for example, you are unable to access your University email account. If any of your contact details (home email address, address details, telephone numbers) change during the year, then please make sure you update your details using the Personal Data option on the portal.

**University Email Address**

Your University email address  will not become live until you have activated your University username and password. You can do this once you have completed online enrolment and shown your photo identification (when you collect your Campus Card).

**\*Email Agreement**

Yes

No

Before your University email address is activated your personal email address will be made available to Reading University Students' Union (RUSU) so that they can send you pre-arrival information including ticketing info for welcome week entertainment and details of how to get involved in clubs and societies. Please indicate above whether or not you agree to your personal email address being used in this way.

(Note: details obscured in this image)

After the address screens, we show you the phone numbers we hold for you and the email addresses we have for you.

Please enter the international dialling code for any telephone numbers you provide (including UK numbers).

Please enter a current personal email address in the relevant box. We will need to contact you on that email address if you have any problems at all with your University username and email address. We will also use that email address to contact you before you arrive, and at the end of your course when you are invited to your Graduation ceremony. We also ask you to indicate whether you are happy for your personal email address to be made available to Reading University Students' Union (RUSU) before you arrive.

You will be given a University of Reading username and email address, but **you will not have access to this** until you have completed all stages of online enrolment, paid your fees (or made arrangements to have them paid by a sponsor) and provided your visa and passport details (if you are an overseas student) or photo identification (if you are a home student).

### **You've asked about text messages: what do you mean?**

We may want to text you at different times: in an emergency or for routine messages such as if your timetable changes (if a tutor is ill, or a room is not available), or generally to ask you about your thoughts on the University, or if you'd like to help us as a student volunteer and so on. Please select the option that suits you best. Remember to update your mobile number if it changes.

## Programme details

**PLEASE CHECK YOUR PROGRAMME DETAILS**

Please check your programme details as shown below. If your programme details are incorrect, you cannot proceed with online enrolment until these have been amended.

**Programme details:**

Programme of study:	<b>BA English Literature</b>
Year of study:	<b>Year 1 (of 3 years)</b>
Mode of Attendance:	<b>Full-time</b>
Fee Status:	<b>HOME: UK/EU</b>
School/Department:	<b>English Literature; School of Literature and Languages</b>
Personal Tutor (may not yet be allocated):	

Is this data correct?

**Yes - click Confirm button to continue**

**No - click Confirm button to inform relevant Office**

*Please note there may be a short delay before you move on to the next screen whilst your settings are updated*

**Confirm**

(Note: screen will vary according to programme taken.)

Please check that we have your programme details shown correctly. These details are used for calculating the fees you need to pay. If you have transferred from your original programme, it can take a few days before the change is updated onto the database. You can also check the programme details we hold for you on the main screens of the portal, at any time of the year.

If these details are wrong, you must stop at this point until we have corrected them: otherwise you may be charged the wrong fees.

### What does it mean when it says 'Home' fees?

It means you will pay the lower rate of fees, which is applied to students from the UK. The three fee levels are Home, Overseas (including the European Union) and Channel Islands/Isle of Man. It does not mean that we expect you to live at home, or that we think your home will pay the fees! There is a full explanation of the definition of 'home' and 'overseas' tuition fees at <http://www.ukcisa.org.uk/Information--Advice/Fees-and-Money/Home-or-Overseas-fees-the-basics> which you can use to help you if you want to check if you are being charged the correct level of fee.

### The information is wrong. What shall I do?

If it's wrong, we need to correct it before you go any further. Please use the link to inform the University Admissions Office, and let them know what is wrong. They will correct it, and when you log in again, you will see the updated information.

# Careers Support

## Careers Support

These questions ask about your plans for what you'll do after you finish your course. It helps us make sure we're getting careers support to students that need it, regardless of what stage of your studies you are at.

Please note that all of these questions are mandatory so please provide a response to the questions. If you do not choose a response you will be taken back to the beginning of the process to start again.

**Question 1. Which of the following statements best represents what you are thinking now, about your future:**

- I am not thinking about it
- I am keen to start exploring some ideas
- I am narrowing down my options
- I know what I want to do after my course
- I'd rather not say

**Question 2. Which of the following statements best represents actions you are taking now for your future:**

- I am not doing anything
- I am pursuing\* work experience (e.g. internships, placements, year in industry, shadowing, volunteering)
- I am pursuing\* graduate opportunities (e.g. jobs, postgraduate study, starting a business)
- I have secured a graduate opportunity for after my course (e.g. job, postgraduate study, entrepreneurship)
- I am planning on doing something else (e.g. travel plans, taking time out, caring responsibilities)
- I'd rather not say

\*Pursuing refers to the whole process of researching, looking for, focusing on, securing and doing.

This screen asks a series of questions about your plans for what you'll do after you finish your course (first two questions shown above). It helps us make sure we're getting careers support to students that need it, regardless of what stage of your studies you are at.

This information may be used to inform and tailor the careers support you receive. It will also be used to analyse and evaluate the impact of careers initiatives. This data will not be shared with any external third parties outside of the University without your consent. Data collected may also be used in anonymised form for the purposes of reporting and statistical analysis.

This completes stage 2 of online enrolment: when you click on Continue, there will be a small delay whilst your records are updated.

## Start of Stage 3

### Online enrolment

Welcome to the University's online enrolment process

Please complete the University's online enrolment process in order to become a fully registered student of the University for the coming year.

Online enrolment involves the four stages shown below, during which you need to check or amend the information we hold about you, or add new data.

For further information about the online enrolment process please see the [online enrolment instructions](#). These instructions are a step-by-step guide through the online enrolment process, complete with screenshots. We encourage you to refer to these instructions if you have any queries as you complete the online enrolment process. If you are a **new student** and you need further help, please [click here to email the Student Help team](#). If you are a **returning student** and you need further help, please contact your Support Centre. [You can find the contact details of your Support Centre by clicking this link.](#)

The current stage is highlighted in orange and you can click this stage to complete the required information. Subsequent stages will become available as you complete the previous one.

The address, contact and Emergency Contact details screens in the Personal Details section will be available after you have completed online enrolment. It is your responsibility to keep this information accurate and up to date. These details are important, as the University will need them to contact you or your designated representatives about important University matters.

You can amend some data directly on screen, but in other cases changes to data need to be notified to the relevant office and an email link is provided for that purpose.

Where the data is incorrect and needs to be corrected before you can continue, the process of online enrolment will be interrupted while this is sorted out. The University office responsible for dealing with the amendment will make the change as quickly as possible within office hours, and will notify you by email where possible. You will then need to start at the beginning of the process but should be able to move quickly through the screens already checked to the relevant screen and continue from where you stopped.

We have to make returns to HESA, the Higher Education Statistics Agency, as part of our statutory obligations. HESA makes use of the information to ensure that universities are providing the correct level of access to students from all backgrounds. For more information on HESA and its function, please go to <http://www.hesa.ac.uk>.

\*Disability\*

**Please check your disability details**

Please check your disability details shown below. If your disability code is missing or incorrect, please inform the Disability Office using the option below.

Please confirm that this data is correct by choosing the Yes button below. If the data is missing or incomplete/incorrect, please choose the No button below.

**Yes - click Confirm button to continue with online enrolment**

**No - click Confirm button to inform Disability Office and then continue with online enrolment**

Confirm

This screen shows what you may have declared as a disability.

## Why are you asking this?

We have to collect this information as part of our HESA returns to Government.

What we need to know here is whether we have the correct disability code for you.

## What if the information shown is correct?

We hope that we have the correct information in this screen already. If we do, you just need to click on Confirm.

## What if the information shown is wrong?

If the information shown is wrong, please click the button marked No, and then click on Confirm. This will take you to a screen which asks you to contact the Disability Office to confirm the correct information. You can use the link in that screen to contact the Disability Office by email; or you can contact the team later if you prefer: but you do need to let the team know that the data is wrong before you start at the University.

Clicking on 'no' will not affect the enrolment process: you can carry on with the online enrolment process by clicking on Confirm. If, however, you would like to be sure that the change has been applied to your records, you can wait until your email has been dealt with, then log in again in a few days: you will see the change in place.

We need to check that we have the right details on the database for the qualifications you had when you arrived. We make a return to HESA about this.

### It says that I have a first degree from a UK university but I got a 2:1 in my degree – have you got the wrong details?

No – ‘First degree’ generally means an undergraduate degree. We will have assessed your previous qualifications when we considered your application: we just need to check that we have entered it correctly on the database. If the details shown are wrong, please let us know, but all we need to declare is that you have a previous degree, and its level.

### Online enrolment

#### Welcome to the University's online enrolment process

Please complete the University's online enrolment process in order to become a fully registered student of the University for the coming year.

The current stage is highlighted in orange and you can click this stage to complete the required information. Subsequent stages will become available as you complete the previous one.

The address, contact and Emergency Contact details screens in the Personal Details section will be available after you have completed online enrolment. It is your responsibility to keep this information accurate and up to date. You will then need to start at the beginning of the process but should be able to move quickly through the screens already checked to the relevant screen and continue from where you stopped.

Not all students will need to work through the following screens. If you are studying part time and are paying per module, rather than paying tuition fees for the year, then you will not see all of the parts of this section.

Click on the orange Fees box to start the process off.

# Fees due

**ONLINE ENROLMENT FEE AND SPONSORSHIP DETAILS**

*The buttons below show which stage of online enrolment you have reached. You can click on a button to return to a screen which you have already visited.*

**Please DO NOT use the back button on your browser during this task as it may cause problems with your tuition fee calculation**

\*Fees\*

**Please check your fee details**

**Fees Information - Part 1: Calculation of Tuition Fee**

This screen shows the total tuition fee for your programme of study for this year, and how it has been calculated. The next screen (Fees Information - Part 2) will show if you have notified the University that you anticipate that your tuition fee will be paid all or partly by Student Finance England (SFE) in 2017/8, or if you anticipate that your tuition fee will be paid by a sponsor, and will show how much you are expected to pay yourself, if the SFE loan or other sponsorship does not cover all of your tuition fees.

If you have applied for a place in University Accommodation and are successful, you should have already received notification of your accommodation fees and any catering fees via the Student Accommodation Online facility.

The tuition fee is determined by your programme, your mode of attendance and your fee status (a fee status of Home means that you are normally resident in the UK or European Union):

Programme:	LLB Law
Mode of Attendance:	Full-time
Fee Status:	HOME: UK/EU

Details	Tuition Fee 2017/18 LLB Law
Amount	£ 9,250.00

---

Is the data shown above (which is used to calculate your tuition fee) correct?

**Yes - click Confirm button to continue**

**No - click Confirm button to inform relevant Office of changes to data which may affect the calculation of the tuition fee**

*If your fee details are incorrect, you cannot proceed with online enrolment until the details have been amended by the relevant Office.*

Confirm

(Note: screen will vary according to programme taken.)

This screen shows you the fees which we believe you are due to pay as tuition fees this year. The fees are calculated on the basis of your programme of study and on where you lived when you started here.

You will see that you are either shown as being a Home student, an Overseas student (including EU), or a student from the Isle of Man or the Channel Islands.

There is a full explanation of the definition of 'home' and 'overseas' tuition fees at <http://www.ukcisa.org.uk/Information--Advice/Fees-and-Money/Home-or-Overseas-fees-the-basics> which you can use to help you if you want to check if you are being charged the correct level of fee.

**The information is wrong: what shall I do?**

Please click on No, and then Confirm: this will then give you a link to email the University Admissions Office to have the corrections made. Don't try to continue with online enrolment: we'll need to get your records right first.

# Sponsorship details

**Please check your fee payment details**

**Fees Information - Part 2**

If you have notified the University that you anticipate that your tuition fee will be paid all or partly by Student Finance England/Student Finance Wales (SFE/SFW) in 2017/8, or if you anticipate that your tuition fee will be paid by a sponsor, the details will be shown below:

SFE/SFW or Sponsor	Amount	Reference
Student Loans Company Ltd	£9250 Tuition fees	

Total fee:	£9250
Amount of SFE/SFW loan or other sponsorship:	£9250
Amount to be paid by student:	£0

If the tuition fee to be paid by you is £2000 or less the whole fee must be paid before enrolment can be completed.

If the tuition fee to be paid by you is greater than £2000 the fee may be paid in two instalments, the first in order to complete enrolment at the start of the Autumn Term and the second at the beginning of the Spring Term in January 2019. Each instalment would be: £ Not Applicable

A later screen in the online enrolment process will allow you to pay this amount online, using a credit or debit card. Alternatively, you may wish to pay when you arrive at the University at the beginning of term, but you should be aware that you will not be able to make full use of the University's facilities (borrow books from the Library or use the University's IT facilities) and you will not be able to collect your University Campus Card until you have completed enrolment by paying the amount which is due for tuition fees.

---

*If the box above shows that your tuition fee will be paid by Student Finance England/Wales then please ignore the question below and press Confirm to move to the next page.*

*Alternatively, if the box above does NOT show that your tuition fee will be paid by Student Finance England/Wales then please answer the following questions:*

- Do you intend to apply or have you already applied for a Student Finance England/Wales Tuition Fee Loan ?
- Have you applied for a Student Finance England/Wales Tuition Fee Loan but have not yet learnt the outcome?

If the answer to either of the above questions is 'Yes' please select the 'Yes' button.

**Yes**

**No**

If you have been allocated a Student Support Number by Student Finance England/Wales, then please enter this below.

Student Support Number:

*If your loan arrangements are not confirmed before 12 October 2018, you will be liable to pay the full tuition fee yourself and will receive a statement of account from the Finance Office indicating this. You are therefore advised to apply for the SFE/SFW tuition fee loan as soon as possible and to provide documentary evidence of this to the Student Financial Support Office (in the Carrington Building on campus) so that your fee records can be amended.*

(Note: details obscured in this image)

This screen shows you any sponsor details which we have for you. If you have a sponsor, who will pay your tuition fees, the top white box will show the details of that sponsor. If you don't have a sponsor, that box will not appear.

There is then a second box, with a calculation, showing what your total fees are (you confirmed these on the previous screen) and how much of those fees will be paid by your sponsor.

**If you do not have a sponsor, then you must pay these fees yourself. A link will let you do this at the end of the process.**

**If you have applied for a Tuition Fee Loan but the details are not shown (or if you intend to apply for a Tuition Fee Loan).**

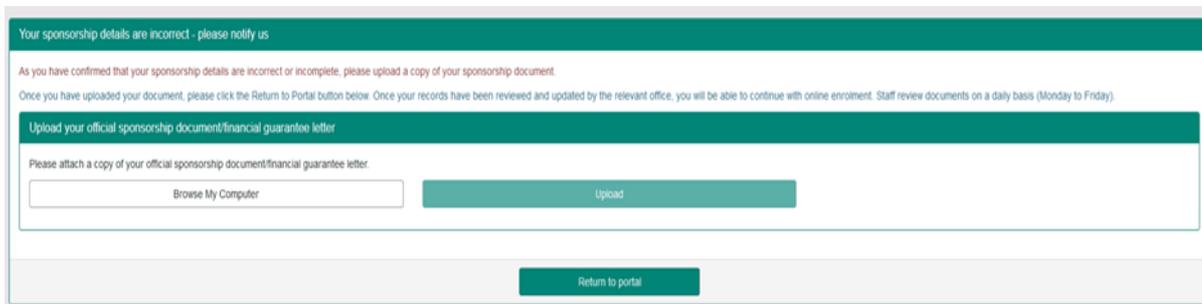

If you have applied for a Tuition Fee Loan but the details are not shown, or if you intend to apply for a Tuition Fee Loan, then please follow the instructions on the bottom of the screen.

**I am an international student (including EU) and I have a sponsor, but it's not showing my sponsor on the screen.**

If your sponsor details are not showing on the screen, you must click on No at the bottom of the screen, then on Confirm.

You will then be taken to a screen where you can notify us that your sponsorship details are incorrect by uploading a copy of your official sponsorship document/financial guarantee letter. Please ensure that you upload this document, and then click on the 'Return to portal' button.

Staff review the database for uploaded sponsorship documents to review and process during business hours Monday to Friday. Please wait at least 24 hours (longer if you upload a document over the weekend) before you log back in and click on the orange Fees box to check if your sponsor details have been updated and your records amended.

The screenshot shows a web interface with a green header bar containing the text "Your sponsorship details are incorrect - please notify us". Below the header, there is a sub-header "Upload your official sponsorship document/financial guarantee letter" and a prompt "Please attach a copy of your official sponsorship document/financial guarantee letter". The form includes a "Browse My Computer" button and an "Upload" button. At the bottom of the form, there is a "Return to portal" button. The text above the form explains that users should upload a document if their sponsorship details are incorrect or incomplete and that staff will review documents on a daily basis (Monday to Friday).

For any queries relating to sponsorship, you can contact the Student Financial Support Team by sending an email to [studentfunding@reading.ac.uk](mailto:studentfunding@reading.ac.uk).

The majority of sponsors now request information on the academic progress of the students they sponsor. The sponsorship is withheld if the University fails to provide such reports. If this happens you may incur immediate personal liability for the payment of your tuition and accommodation fees, and any catering fees, and will be invoiced accordingly.

**The University needs your consent to disclose reports on your academic progress to sponsors. Please TICK the box below. You must tick one of the boxes below to continue.**

**You will only see this screen if you are an international student (including the EU), or from the Channel Islands or Isle of Man, and have a sponsor.**

As the form explains, most sponsors want to know how your studies are progressing. This is usually a condition of their sponsorship. We need your permission to release details of your academic progress to your sponsor.

**If you are not willing to allow us to pass information on your studies to your sponsor, you must understand that if your sponsor asks for a report on your progress and you refuse permission for us to send it, then the sponsor may refuse to pay your tuition fees. If you click No, then Continue, you will be taken to the last stage of the enrolment process, and will then have a link which you can return to when you are ready to pay your fees.

## IMPORTANT

We will charge your account in the first week of term. Until then, you are paying in advance against the fees you have to pay. If you log into your Finance account, you will NOT see the amount that you need to pay until after term begins.

**You will not be fully enrolled until you have paid the amount shown on this screen. This means that you will not be able to use your University email account, or borrow books from the Library, or, if you are in University accommodation, you may not be able to access your room.**

## Can I pay for my accommodation at the same time?

Yes, you can: when you go to the Finance website, you will need to mark that you are paying your tuition fees, but you can pay more than that. Any extra money which you pay will then be allocated to other areas on your account, such as accommodation. You will have to pay the next half of your tuition fees in January.

## Finish online enrolment

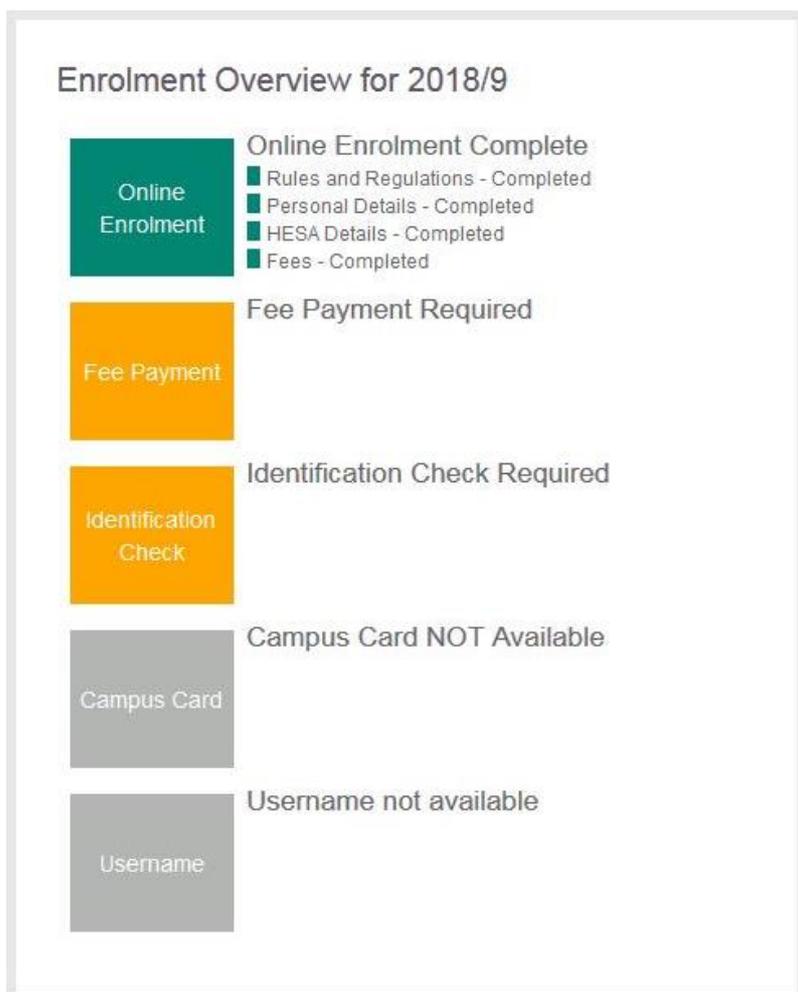

The screenshot shows a web interface for online enrolment. At the top, a teal header contains the text 'ONLINE ENROLMENT FEE AND SPONSORSHIP DETAILS'. Below this, a white box with a teal border contains instructions: 'The buttons below show which stage of online enrolment you have reached. You can click on a button to return to a screen which you have already visited.' and 'Please DO NOT use the back button on your browser during this task as it may cause problems with your tuition fee calculation'. Below the instructions are four buttons: 'Fees', 'Sponsor', 'Fees Disclosure', and '\*End\*'. Below these buttons is a grey horizontal bar. Underneath is another teal header with the text 'Your online enrolment is now complete.'. Below this, a white box with a teal border contains the following text: 'Thank you for completing the online enrolment screens.', 'Click on the [Finish] button below to return to the RISIS portal.', and 'Your portal options will now have been updated, and you will no longer have access to the online enrolment process. The RISIS Home page will show an overview of any remaining actions you need to take to complete your enrolment, including the payment of fees and updating personal details.'. At the bottom of this white box is a 'Finish' button.

Thank you, you've finished the online enrolment process!

Clicking on Finish will now close off the process of online enrolment.

Please note that if you now log off, before collecting your username, you can still log in using your registered personal email address and password.

## Next steps after online enrolment

Now that you have completed online enrolment, you will see that the Online Enrolment box in the Enrolment Overview is green, to show that the online enrolment process is complete. You will also see additional information on the RISIS Portal home page, such as the enrolment information box below. Depending on your course of study, some of the next steps may vary, so it is important to review the information displayed on your RISIS Portal home page after you have completed online enrolment.

The online enrolment overview and the content of the RISIS Portal home page will provide you with guidance on what the next steps are for you to complete your enrolment with the University. A summary of the next steps is provided below.

### Payments to the University

We need your payment against tuition fees to complete your enrolment. If you have already paid 50% of your tuition fees, or you have a sponsor, then the Enrolment Overview will show that Fee Payment is complete. If you haven't yet paid 50% of your tuition fees, and you don't have a sponsor, then the Enrolment Overview will remind you that you need to make this payment to enrol fully. Clicking on the orange Fee Payment box will take you to the online Fees Payment site.

## Errors

### I have already paid my fees: why am I still seeing this screen?

The Finance database and the student database are not directly linked, though there are regular transfers of information. If you have only just paid your fees, it may be that there has been a delay in the transfer from Finance to our database. Please log out and then look again in another day. If you still have the message asking you to make a payment, then please contact the University Admissions Office who will be able to adjust your records on checking the Finance database.

### Visa and passport details and Identification check

This will be done in-person when you arrive on campus.

If you are a **non-UK national**, you will need to have your immigration permission checked before you can collect your Campus Card. During Welcome Week this will be in the Palmer Building. Please have your student ID number and passport ready. In addition, you will also need to show one of the following:

- Biometric Residence Permit (BRP) and/or vignette (visa sticker in your passport)
- Electronic share code (to share your digital immigration permission) e.g. EUSS, BNO and Student. If you applied for your Student permission from outside of the UK and entered the UK via the passport eGate, you will also need to show your travel ticket.
- Evidence of a valid submitted visa application and your most recent immigration permission
- Visitor stamp in your passport or travel ticket to the UK in the absence of a stamp

You will not be able to progress your enrolment without providing evidence of your Immigration Permission. If you have any questions regarding your Immigration Permission please email [immigration@reading.ac.uk](mailto:immigration@reading.ac.uk).

If you are a **home student**, please present your government issued photo identification (e.g. passport, driving licence or military ID) to the Palmer building when you arrive on campus. If you are unable to present a government issued ID document then please bring with you 2 forms of official documentation (e.g. birth/marriage certificate plus a utility bill/bank statement.) For further queries on ID checks please contact [studenthelp@reading.ac.uk](mailto:studenthelp@reading.ac.uk).

Once you have done this, the Enrolment Overview will show that the Identification Check is complete.

### Campus card

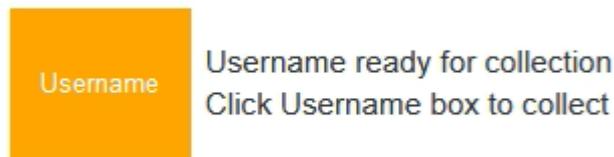

On arrival at the University, please collect your Campus Card in person from the Palmer Building. Before your Campus Card is issued, your ID and/or immigration documents will be checked, so please make sure you bring those with you.

Your photo will be displayed on your Campus Card. **We strongly encourage you to upload your photo on the RISIS Portal before you collect your Campus Card.** If you have not already uploaded your photo, your photo will be taken when you collect your card.

## University username

Once we have received your payment, or have received confirmation from your sponsor, and have had a copy of your visa and passport or photo identification, you will be able to follow a link to collect your University username. Your username will be very important to you. You will use it to access your mailbox for University email; and to log into any computer in the computer rooms on campus, or to access the internet on those computers, or to log onto the wireless networks on campus. You will also use that username to log into Blackboard and other virtual learning environments; into student timetabling; into the Finance Office database to make a payment; and, after you have collected your username, you will use it to log into the RISIS Portal, the student database.

Once your username has been generated, the Username box in the Enrolment Overview will be orange to show that your username is ready for collection.

Clicking on the Username box will take you to another page for you to collect and activate your University Username. As part of this process, and to validate your identity, you will be asked to confirm on screen your student number and your date of birth. You will also be asked to enter **the answer to your account recovery question**. Don't worry if you have forgotten this answer, you can find a reminder of your answer by clicking on the 'Reminder – account recovery answer' button on the RISIS Homepage.

If you require a reminder of your account recovery answer for collecting your University username, please click the button below.

During the University username collection your username will be displayed on screen, and you will need to create and enter a password to go with that username. After you have collected your University username, you will then be able to log into the RISIS Portal using your University username and associated password via the 'Staff and student sign in with Microsoft' button at the top of the login page for the RISIS Portal.
