Project stakeholders

Client :- Mr.P Duncan, Project Co-ordinator, Residential & Commercial Services

Contractors :- Procare

Consultants :- N/A

For the University :- Robert Shankland (Project Manager, Building)

Progress/work schedule

Work consisted of 3 items: Repairs to flat roof above kitchens – leaks caused by roof nearing the end of its useful life. Long term plans are being made for future of kitchens therefore only temporary repairs required. Re-insulation of a section of extract duct that was transferring a drumming sound into the kitchens. Roof edge barriers were installed as a Safety measure and part of a long term plan .
