## University of Reading - Campaigns & Supporter Engagement

### Background

In March 2017, University of Reading launched its employee survey, to provide an opportunity for employees to feedback on their experiences in working for University of Reading, and to highlight issues they feel should be addressed in the future.

The survey was designed by Capita Surveys and Research (in conjunction with University of Reading) as an e-survey, with an option to complete the survey on paper or over the telephone.

The survey was distributed on 7<sup>th</sup> March 2017 with a closure date of 7<sup>th</sup> April 2017. Capita Surveys and Research processed and validated 2,673 completed survey questionnaires from University of Reading employees; this gives a response rate of 64% based on the 4,197 employees invited to participate (includes the 414 sessional staff). When sessional staff are excluded 2,597 survey questionnaires were completed and returned; this gives a response rate of 69%; based on 3,783 staff invited to participate.

### Response Rate

The selected area of work achieved a response rate of 81% i.e. 21 of the 26 employees in Campaigns & Supporter Engagement responded to the survey.

### Presentation of results

This report presents a summary of the results for Campaigns & Supporter Engagement and referred to as the area of work (AOW) throughout this report.

### Part A: Most positive perceptions

This part of the report displays the most positive perceptions for the selected area of work which can be identified as areas of strength.

### Part B: Least positive perceptions

This part of the report displays the least positive perceptions for the selected area of work which can be identified as areas for improvement.

### Parts C: Identifying areas of strength and opportunities for improvement and comparison with the University score

This part of the report displays all primary questions in the survey compared to the results for the University as a whole, but excludes most of the sub set or secondary questions<sup>1</sup> to ensure anonymity is maintained. The area of work question results are presented in a descending ranked order within each section they appear in the questionnaire i.e. the most positive responses appear at the top of the section in list format. All results are colour coded to help to identify areas of strength or opportunities for improvement.

### Part D: Frequency Charts report for the selected area of work

This format provides the percentage of respondents who selected each response option for each question presented in a stacked bar chart. Please note some sub-set questions (filtered questions)<sup>1</sup> and the background details of respondents are not included to ensure anonymity is maintained.

---

<sup>1</sup> except those within 'Section F, Performance Development Review (PDR)', 'Section I: Culture and Values' and question M12 due to the high number of staff that have responded to these questions.

**Part E: Comment Themes for the selected area of work**

This section of the report includes a count of the themes relating to the comments made by the area of work's staff in relation to *'One thing you feel could be improved at the University of Reading'* and *'One thing you think is good about working for the University of Reading'*. It should be noted these are a count of the number of times a theme is selected rather than a percentage.

**Part F: Survey Results Ranked By Degree of Importance to Respondents for selected area of work**

This section provides a list of all agree / disagree type questions from the survey, ranked according to values assigned to each question (see Appendix – User Guide for more information) , with those generating the least positive values at the beginning of the list, to those generating the most positive values at the end of the list.

It should be noted that only questions that have the range of Agree to Disagree responses are included in this list e.g. those questions with 'Yes' / 'No' / 'Don't know' responses are not included.

**Part G: Internal benchmarking**

This section provides an overview of the survey results for the selected area of work as a whole and by any associated teams / departments. The University of Reading as a whole is shown for reference. All results are colour coded to help to identify areas of strength or opportunities for improvement.

**Part H: Appendix - User Guide**

This section describes the types of questions that were included and highlights any important information that the reader should be aware of.

## Part A - Most positive perceptions for Campaigns & Supporter Engagement

This part of the report displays the most positive perceptions for the area of work which can be identified as areas of strength.

The top 15 most positive perceptions are shown below. The full list can be seen in Part C. Depending on the results there may be more than 15 questions / statements in the list as some questions / statements have the same positive percentage.

The combined positive score is used in this analysis i.e. agree and tend to agree responses. Questions or statements with a combined positive score of 75 or above are considered areas of strength.

Where questions are negatively worded in the questionnaire, the positive perception is shown to enable a ranked order. The questions/statements are marked with an asterisk (\*) and the text has been reworded to ensure ease of understanding.

E.g. The results for the question: *'Are you currently being harassed or bullied at work?'* are displayed for those who said no to this question i.e. the positive perception.

The text has therefore been reworded to *'I'm not currently being harassed or bullied at work\*'*

Most positive perceptions from the area of work		Total number of responses:	21
Question		AOW	%
B1	The University of Reading is a good place to work	100	
B2	Generally, I enjoy my work	100	
B12	I'm interested in the University of Reading, to me it's not just a job *	100	
D1d	I have a clear understanding about expected standards of behaviour	100	
F7	If you didn't have a Performance Development Review (PDR) in the last 12 months would you have liked to have one? ^	100	
I7	To what extent do you agree or disagree with the following statements in relation to the University's strategic objectives i.e. Vision 2026? I feel the University has got the right balance of teaching and research in place to achieve our 'Vision 2026	100	
I10	I feel proud to work for the University of Reading	100	
I16	To what extent do you agree or disagree the following people in the University demonstrate our Values and Professional Behaviours at work: Managers in your School / Function ^	100	
I17	To what extent do you agree or disagree the following people in the University demonstrate our Values and Professional Behaviours at work: Your team colleagues ^	100	
K1	My team leader / line manager / immediate supervisor (the person who I would report to on a day to day basis) ensures I have the skills to be able to do my job well	100	
K4	My team leader / line manager / immediate supervisor (the person who I would report to on a day to day basis) would be supportive in a personal crisis	100	
L2	I feel safe and secure in my working environment	100	
N1	I'm not currently being harassed or bullied at work? *	100	
O3	I am satisfied with my level of awareness of diversity issues and how to react appropriately with colleagues and students	100	
O5b	In the last 12 months I have not been made to feel uncomfortable whilst working for the University because of my race, gender, religion, sexual orientation, pregnancy / maternity / paternity, disability or age by a student *	100	
O6e	The University of Reading respects people equally regardless of their sexual orientation	100	
O6f	The University of Reading respects people equally regardless of their religion or beliefs	100	

^ Subset question(s), \* Negatively worded question(s) - See 'Understanding strength analysis' section.

## Part B - Least positive perceptions and areas identified for improvement for Campaigns & Supporter Engagement

This part of the report displays the least positive perceptions and areas identified for improvement for the selected area of work.

The combined positive score is used in this analysis i.e. agree and tend to agree responses. Questions or statements with a combined positive score of 50 or lower are considered areas for improvement and are colour coded red. The areas identified for improvement for the selected area of work are listed below and can also be seen in Part C.

Where questions are negatively worded in the questionnaire, the positive perception is shown to enable a ranked order. The questions/statements are marked with an asterisk (\*) and the text has been reworded to ensure ease of understanding.

E.g. The results for the question: *'I feel stressed at work'* are displayed for those who said tend to disagree and disagree to this question i.e. the positive perceptions

The text has therefore been reworded to *'I never feel stressed at work \*'*

### Areas for improvement from the area of work

Total number of responses: 21

Question	AOW %
M11 I never feel stressed at work *	0
N6 Are you aware of the Health Advocacy Respect and Care Advisors?	10
N7 Are you aware of the University's Harassment Advisors?	14
P7 On the whole, the different parts of the University of Reading communicate effectively with each other	15
R6d Generally, I don't feel more could be done to help staff prepare for and cope with change *	15
Q8b I feel there is good co-operation between different departments	24
R3 In my opinion the recent PAS changes were well explained	26
R2 In my opinion the recent PAS changes were well planned	28
Q6 I feel the University genuinely listens to staff views during consultations	33
R6b Generally, change within the University of Reading is managed well	33
P3 There are opportunities for me to feed my views upwards in the University of Reading	35
M8 I'm not required to do unimportant tasks which prevent me completing more important ones *	38
M10 I have a place I can go to take a break at work	38
R6a Generally, change within my department is managed well	38
D7 I don't feel I've had to put in a lot of extra time in the last 12 months to meet the demands of my workload *	40
H4 The UEB (Vice Chancellor, Deputy Vice Chancellor, Pro Vice Chancellors, Chief Financial Officer, and Chief Strategy Officer) listen to and respond to the views of staff	40
R5 In my opinion other recent changes (not PAS) have been well explained	40
B8 I feel valued by the University of Reading	43
D8 I don't worry about work outside my working hours *	43
L7 Are you aware of the Employee Assistance Programme?	43
P5 On the whole, communication in the University of Reading is effective	43
P6 Communication between senior management and staff is effective	43
Q7 I am confident I will get feedback on my ideas or suggestions	44

^ Subset question(s), \* Negatively worded question(s) - See 'Understanding strength analysis' section.

## Areas for improvement from the area of work

Total number of responses: 21

Question	AOW
	%
R1 The current pace of change in the University of Reading is about right	45
F5 Did the Performance Development Review (PDR) leave you feeling your work is valued by the University of Reading? ^	47

---

^ Subset question(s), \* Negatively worded question(s) - See 'Understanding strength analysis' section.

## Understanding strength analysis

The following pages display analysis of the primary questions in the survey and display the most and least positive perceptions for the selected area of work.

To ensure anonymity is maintained, most sub set or secondary questions are excluded. As a large number of staff have responded to the sub set questions within 'Section F, Performance Development Review (PDR)', 'Section I: Culture and Values' and question M12, these are included in the analysis, these questions are shown in the list with a ^.

The combined positive score is used throughout the analysis. Where a question / statement is positively phrased, agree or tend to agree (or yes) responses are used. Where a question / statement is negatively phrased, disagree and tend to disagree (or no) responses are used.

Where questions are negatively worded in the questionnaire, the positive perception is shown to enable a ranked order. These questions / statements are marked with an asterisk (\*) and the text has been reworded to ensure ease of understanding.

E.g. The results for the question: *'Are you currently being harassed or bullied at work?'* are displayed for those who said no to this question i.e. the positive perception. The text has therefore been reworded to *'I'm not currently being harassed or bullied at work? \*'*

The question / statement results are colour coded to help to identify areas of strength or opportunities for improvement. Cells displaying question results are colour coded red, amber or green according to the percentage of respondents giving a positive response.

## Understanding and using the comparisons in the tables

The tables in Part C provide comparisons with the area of work score (AOW) and the University as a whole (UoR). The differences shown in the comparisons are a simple mathematical difference but because the numbers of responding staff in each of these comparator groups vary, these simple differences may not be considered a 'real statistically significant difference'.

To identify which of these scores are highly likely to be considered a real difference we use the 95% confidence interval for each comparator group.

- Part C : The AOW has a confidence interval of +/-4%, and UoR has a confidence interval of +/-1%. Therefore as a guide there would need to be a difference of more than five percentage points for this to be considered a real difference between the scores.

## Part C - Strength report by section for Campaigns & Supporter Engagement compared to UoR

The questions results are colour coded Red, Amber or Green:

- **Green** indicates a score of 75% or above and is a strength.
- **Amber** indicates a score of between 51% and 74% and is an opportunity for improvement.
- **Red** indicates a score of 50% or less and is an area for improvement.

The colour coding boundaries described above to identify areas of strength or need for improvement were agreed by the HEI user group of Capita Surveys and Research to offer guidance and focus for action planning. The table below displays each question; the 2017 combined positive percentage for the area of work; UoR; and the percentage difference between the area of work and the University as a whole.

**Please note**, if there is a high percentage of staff who identify themselves as not being harassed, bullied or discriminated against, and this is identified as a strength in the analysis, these areas should still be considered as areas for improvement as most organisations have a zero tolerance policy regarding these issues.

There may be variation up to 1% when compared to the Frequency Data tables due to rounding.

	75% or higher = Strength	Positive difference:	<b>92</b>
	51% - 74% = Opportunity for improvement	No difference:	<b>4</b>
	50% or lower = Needs improvement	Negative difference:	<b>58</b>

Total number of responses:		21	2673	
Question	AOW %	UoR %	+/-	
Section A: Work-Life Balance				
A1 The University of Reading provides good support to help me balance my work and personal commitments	95	74	21	
A3 I am aware of the formal flexible working arrangements at the University (e.g. part time working, condensed hours etc)	90	77	13	
A2 I feel I have a good work-life balance	90	70	20	
A4 I believe that if I requested flexible working arrangements, my request would be considered fairly	86	82	4	
A5 I am able to take advantage of flexible working on an informal basis	86	80	6	
Section B: Job Satisfaction				
B2 Generally, I enjoy my work	100	92	8	
B12 I'm interested in the University of Reading, to me it's not just a job *	100	91	9	
B1 The University of Reading is a good place to work	100	87	13

R2 In my opinion the recent PAS changes were well planned	28	17	11	
R3 In my opinion the recent PAS changes were well explained	26	25	1	
R6d Generally, I don't feel more could be done to help staff prepare for and cope with change *	15	18	-3	

^ Subset question(s), \* Negatively worded question(s) - See 'Understanding strength analysis' section.

## Part D - Frequency Charts for Campaigns & Supporter Engagement

A presentation of the survey results in chart format in the same order as the questionnaire for ease of reference. All the main results charts (for scale response questions) are structured in a similar way:

1. **Question:** The text of the question that was asked.
2. **Response chart:** The percentage of respondents who selected each response option for each question, rounded to the nearest whole percentage, is presented in a stacked bar chart. It is important to look at this detailed breakdown, not just the percentage of positive responses, when interpreting the survey results. Note that the rounding percentages occasionally results in the total percentage not adding up to exactly 100%.
3. **Total Responses:** The number of valid responses that were received for the question.
4. **Combining the positive responses and the 'rounding effect':** The total percentage of positive responses that were received for each question in 2017 is shown after the stacked bar chart. Where a question is positively phrased the 'Positive' heading shows the total of 'Agree / Tend to agree' or 'Yes' responses. Where the question is negatively phrased the 'Positive' heading shows the 'Disagree / Tend to disagree' or 'No' responses.

To ensure the figures are accurate, rounding is applied at the last stage of the calculation and is rounded to the nearest percentage point. This may mean the total positive percentage displayed can be up to 1% different from simply adding together the two positive percentages. [A more detailed explanation of this and an example can be found at the back this report in the appendix.]

Feeling Valued / Supported	2
Job Satisfaction	4
Management – Immediate / Local	1
Relationships / Co-operation	3
Role & Responsibilities	1
Student / Internal Customer Satisfaction	1
Senior Management	1
Training, Development & Progression	1
Other	2

## Part F - Survey Results Ranked By Degree of Importance to Respondents for Campaigns & Supporter Engagement

To further identify the areas of strength and areas for improvement in the selected area of work, all the agree/disagree questions are ranked according to the values assigned to each question. Values are assigned to each response i.e. Agree = 4; Tend to Agree = 3; Tend to Disagree = 2; Disagree = 1 (scores are reversed for negatively phrased questions). Values for each participant's response are added together to generate an overall question score. It is possible that two questions with the same aggregate percentage may have different question scores, so one may appear as an area of strength or improvement while the other does not.

This list shows those questions in the survey that measure perception or awareness in a ranked order. Those questions appearing at the top of the list and appearing red in the average question score column have generated the most negative responses from participants i.e. with a score below 2.50.

Questions appearing at the bottom of the list and highlighted green are the most positive responses from participants i.e. with a score above 3.00.

Rank -ing	Qn No.	Question	Number of staff expressing an opinion	Average question score
1	P7	On the whole, the different parts of the University of Reading communicate effectively with each other	20	1.85
2	R3	In my opinion the recent PAS changes were well explained	19	1.89

			<u>Average:</u>	<u>3.04</u>

## Part G - Internal benchmarking for Campaigns & Supporter Engagement

An overview of the survey results for selected area of work and by the associated departments / teams. Results for the University of Reading as a whole are shown for reference.

Each question is listed in the order it appears in the survey. The combined positive score is used throughout the analysis. Where a question / statement is positively phrased, agree and tend to agree (or yes) responses are used. Where a question / statement is negatively phrased, disagree and tend to disagree (or no) responses are used unless otherwise stated.

To ensure anonymity is maintained, most sub set or secondary questions are excluded. As a large number of staff have responded to the sub set questions within 'Section F, Performance Development Review (PDR)', 'Section I: Culture and Values' and question M12, these are included in the analysis, these questions are shown in the list with a ^.

Where questions are negatively worded in the questionnaire, the positive perception is shown. These questions / statements are marked with an asterisk (\*) and the text has been reworded to ensure ease of understanding.

E.g. The results for the question: *'Are you currently being harassed or bullied at work?'* are displayed for those who said no to this question i.e. the positive perception (95%).

The text has therefore been reworded to *'I'm not currently being harassed or bullied at work\*'*

Cells displaying question results are colour coded red or green according to the percentage of respondents giving a positive response:

indicates 'strength' = agreement from 75% or more of employees.

indicates 'areas for improvement' = agreement from 50% or fewer employees.

At the top of the sheet is a count of the reds and greens each group achieves.

Question F1 'Have you been employed by the University of Reading for over a year?' is considered neutral and has neither a positive nor negative response so, while included in the table and the 'yes' response is shown, the colour code is not applied.

The report is designed to aid local action planning by understanding whether different groups of respondents have more or less positive views.

To ensure the figures are accurate, rounding is applied at the last stage of the calculation and is rounded to the nearest percentage point. This may mean the total positive percentage displayed can be up to 1% different from simply adding together the two positive percentages shown in the charts in part D.

## Internal benchmarking for Campaigns & Supporter Engagement

The table below shows the percentage of respondents who answered 'Agree' and 'Tend to Agree' or 'Yes' to the question, unless otherwise stated in the question text.

The data is categorised by the University of Reading, then area of work and associated department / teams. Green coloured cells indicate scores 75% and over and red is 50% and under.

Cells displaying question results are colour coded red or green according to the percentage of respondents giving a positive response:

■ indicates 'strength' = agreement from 75% or more of employees.

■ indicates 'areas for improvement' = agreement from 50% or fewer employees.

		Total Reds	18	16	25

## Internal benchmarking for Campaigns & Supporter Engagement

The table below shows the percentage of respondents who answered 'Agree' and 'Tend to Agree' or 'Yes' to the question, unless otherwise stated in the question text.

The data is categorised by the University of Reading, then area of work and associated department / teams. Green coloured cells indicate scores 75% and over and red is 50% and under.

Cells displaying question results are colour coded red or green according to the percentage of respondents giving a positive response:

■ indicates 'strength' = agreement from 75% or more of employees.

■ indicates 'areas for improvement' = agreement from 50% or fewer employees.

		Total Reds	18	16	25
		Total Greens	84	92	87
		Total number of respondents	2673	1096	21
Section	Question	University of Reading	Management / Professional Service and other	Campaigns & Supporter Engagement	
Comment Themes (Continued)	S2 Please note below one thing that you think is good about working for the University of Reading. Which main theme would you say your comment is related to?				
	Being Treated Fairly / Diversity & Inclusion	6	6	0	
	Communication	1	1	0	
	Facilities / Environment	12	13	0	
	Feeling Valued / Supported	12	12	13

	Other	7	7	13	

## Appendix - User Guide

### Types of survey questions

There were various types of questions used in the University of Reading 2017 Employee Survey questionnaire. This section describes the types of questions that were included and highlights any important information that the reader should be aware of in relation to each question type.

#### 'Primary' and 'sub' questions

'Primary' questions are defined as questions to which all respondents were expected to provide an answer.

##### Example:

*I have a clear understanding about my role within the University of Reading*

'Sub-questions' are questions that respondents were expected to answer only where relevant to a previous response.

##### Example:

*Did you agree clear objectives as part of your Performance Development Review (PDR)?*

This means that the number of responses received for sub-questions will always be much lower than that received for primary questions as only a sub-set of respondents will have provided an answer to each sub-question.

#### Questions on a four point scale

Many of the survey questions were designed to capture the views of respondents in relation to a particular statement. These questions were mostly phrased positively and invited participants to respond on a scale between one and four, four being the most positive response and one being the least positive.

##### Example:

To what extent do you agree or disagree with the following?	Agree	Tend to Agree	Tend to Disagree	Disagree
I am satisfied with my current role and level of responsibility	<input type="checkbox"/> <sub>4</sub>	<input type="checkbox"/> <sub>3</sub>	<input type="checkbox"/> <sub>2</sub>	<input type="checkbox"/> <sub>1</sub>

The main unit of measurement is the percentage of staff who answered positively to each question. For example, for positively worded questions where respondents were asked to indicate their level of agreement or disagreement, responses of 'Agree' and 'Tend to Agree' were considered positive. Negatively worded questions responses 'Disagree' and 'Tend to Disagree' were considered positive and are explained more fully later under sub heading 'negatively worded questions'.

### Non-scale questions

There were a number of non-scale questions in the survey where respondents were invited to respond either 'Yes' or 'No' (as well as one sub question that had an additional option such as 'Not sure'). Where the question was positive, 'Yes' was considered to be a positive response.

#### Example:

	Yes	No
<i>Are you aware of the University Values for Working Together and Professional Behaviours?</i>	<input type="checkbox"/>	<input type="checkbox"/>

Please note that there were two non-scale primary questions in the survey where the question was negatively worded (as well as one sub question). For these questions, 'No' was considered to be a positive response and they are discussed later under sub heading 'negatively worded questions'.

There were two survey questions that had four options available for respondents to choose but only one option can be considered positive, they were:

	Always	Frequently	Occasionally	Never
<i>I feel stressed at work</i>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

'Never' is considered the positive response.

	About right	Too fast	Too slow	No opinion
<i>The current pace of change in the University of Reading is</i>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

'About right' is considered the positive response.

There was one primary question that was a non-scale question with three options and two responses are considered positive:

	A Lot	A Little	Nothing
<i>How much do you feel you know about the University's strategic objectives i.e. Vision 2026?</i>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

'A lot' and 'A Little' are considered the positive response.

There was one primary question in the survey where the response could not be considered as positive or negative.

	Yes	No
<i>Have you been employed by the University of Reading for over a year?</i>	<input type="checkbox"/>	<input type="checkbox"/>

### Negatively worded questions

There are 17 primary survey questions that are considered negatively worded. Where the positive perception is used, the questions / statements are marked with an asterisk (\*) and the text has been reworded to ensure ease of understanding.

#### Example:

	Yes	No
Are you currently being harassed or bullied at work?	<input type="checkbox"/>	<input type="checkbox"/>

'No' is considered the positive response and the text has been reworded to 'I'm not currently being harassed or bullied at work\*'

Where the analysis does not state that the positive perceptions are used, the questions / statements appear as they do in the questionnaire and the 'agree' or 'yes' responses are used.

### Understanding the effect of rounding

Figures throughout this report are displayed as whole numbers for the ease of reading. To ensure the figures are as accurate as possible we apply rounding to the figures to the nearest percentage point. Sometimes this will mean that the figures shown may not be identical if calculations are performed using the figures displayed in the report, however any difference would not be larger than  $\pm 1$  percentage point.

Therefore, if you sum the percentages for all the response options to a question the figure may not sum to 100%, but may sum to 99% or 101%.

When combining the total positive responses we first combine the number of responses and then calculate a combined percentage, rather than simply adding the two individual response percentages together.

In the example shown below if we sum the displayed percentages for *agree* and *tend to agree* to calculate the percentage positive response it would be 69%, however, by using raw figures we calculate the result more accurately to 69.5338% which is rounded up to 70%.

#### EXAMPLE:

	Agree	Tend to Agree	Tend to Disagree	Disagree	Total	Total Positive responses calculation
	(A)	(B)	(C)	(D)	A+B+C+D	A+B
<b>Number of responses</b>	909	926	507	297	2,639	1,835
<b>Percent of responses</b>	34.4448%	35.0890%	19.2118%	11.2543%	99.9999%	69.5338% (rounds to 70%)
<b>Rounds to</b>	34%	35%	19%	11%	99%	69%

## Values assigned to questions in order to rank responses

In order to establish which issues are most important to employees, a simple arithmetical format was designed to show the strength of feeling associated with statements and issues covered in the survey. Within the questionnaire, statements were made which required the employees to agree, tend to agree, tend to disagree or disagree. Depending on the construction of each statement the following values were assigned to the responses to the statements where *agree* was the preferred answer, but the values were *inverted* where *disagree* was the preferred answer:

Agree	4
Tend to agree	3
Tend to disagree	2
Disagree	1

For each perceptive question in the survey a total value based on the responses received has been generated. An average question score is then calculated based on the number of responses to a particular question. In simple terms, the lower the average score a question generates the more negative the perceptions of respondents.

For example:

The University of Reading is a good place to work

Response	Number of respondents choosing this response	Multiply by value assigned to response	Total value
Agree	1286	x 4	5,144
Tend to agree	1026	x 3	3,078
Tend to disagree	226	x 2	452
Disagree	108	x 1	108
<b>Total</b>	<b>2,646</b>		<b>8,782</b>

Calculation for average question score:

8,782 [Total value of responses to question]

2,646 [Number of employees responding to question]

**3.32 = [Average Question Score]**

The average values for each statement are shown in the appendix data with the lowest scores at the top. An average score for all ranked survey questions appears at the bottom of the list.

Average question values below 2.50 indicate a high proportion of employees have a negative view about the question and are highlighted in **red** in the list, whereas average question values of over 3.00 indicate a high proportion of employees have a positive view of the question and are highlighted in **green**.
