## Steps for Students:

1. Download the free app
2. Study the set on smartphone / tablet

3. **or** Click on the URL, study the set on laptop / PC, using the *Flashcards, (Learn, Speller), Test, Scatter* (and *Gravity*) features

[www.socrative.com](http://www.socrative.com)

You will need: a computer with internet access, students with smartphones and internet access

#### Tips:

- use first time as a low-stakes activity to minimise teacher and student anxiety
- don't have too many questions (less is more)
- try 'student paced' quizzes
- remember to START and FINISH the quiz

#### Steps for Teachers:

1. Go to <http://b.socrative.com/login/teacher/> and click on GET A FREE ACCOUNT here:
2. Fill in the Teacher Registration form →
3. In Settings, change your 'room number'
4. Click 'Manage Quizzes' to 'Create Quiz'
5. Name your Quiz
6. Add Question: choose 'Multiple Choice' 'True / False' 'Short Answer' (you can mix question types in one test)
7. (optional) choose correct answers (MCQ, T/F)
8. (optional) add images 
9. Save and Exit
10. Click 'Dashboard' to 'Start Quiz'
11. Select a quiz
12. Choose options (e.g. student paced / disable names / randomise Q or A)
13. Click START. Click FINISH when activity is finished (you cannot have 2 quizzes running at once). Choose how you want the report.
14. Go to 'Manage Quizzes' 'My Quizzes' to download a pdf (printable) version
15. To get a quiz that a colleague has written, follow these steps from 'Dashboard' → Manage Quizzes → Import Quiz

## Import a Socrative quiz from another teacher

16. Enter the "SOC" number to import it into your account. e.g. SOC #: **14343381**

#### Steps for Students:

1. Download the free app
2. Enter teacher's 'room number'
3. (optional) Enter name
4. Answer question
5. Submit answer (repeat 4 and 5)
6. (optional) Let teacher know you've finished the activity
