

Vocabulary webinars

Improve your Academic Vocabulary (1): Growing your Academic Vocabulary size

Do you know what your vocabulary size is in English? Find out the size of your vocabulary and learn how to get going with learning more words while you study.

Improve your Academic Vocabulary (2): Using an online English Dictionary

This session will introduce you to the free online Oxford Advanced Learner's Dictionary. You will learn how to build a visual network of the keywords that are important to you and your studies.

Collocations: Finding the right words as you write

This session will briefly review why word combinations or 'collocations' are important and then demonstrate tools that can help you make appropriate word choices as you write.
