This document sets out key information about your Programme and forms part of your Terms and Conditions with the University of Reading.

Awarding Institution	University of Reading
Teaching Institution	University of Reading
Length of Programme	3 years
Accreditation	Royal Institution of Chartered Surveyors Royal Institution of Surveyors Malaysia Board of Valuers, Appraisers and Estate Agents Malaysia

Programme information and content

The Programme aims to provide you with the knowledge and skills necessary for successful careers as chartered surveyors or as related professionals; to enable you to engage confidently with market and development processes; to emphasise the value of inter-disciplinary working; to provide you with a structured but flexible learning framework; and to ensure that the skill areas covered by the programme are applicable to a range of occupational and professional needs.

Part 1:	Introduces you to the fundamental principles of core subject areas including building, economics, law, investment appraisal and planning. A series of projects in real estate and planning will then enable you to develop skills and apply the knowledge gained through the taught modules.
Part 2:	Provides you with deeper knowledge of core topic areas and more specific application of those areas to the property industry. Areas covered include property valuation, real estate economics, planning and management. As in part 1, a dedicated project stream will enable you to develop skills and apply the knowledge gained through the taught modules.
Part 3:	Gives you the opportunity to specialise in one of three areas. These are appraisal & asset management, development & planning and property investment & finance. In each area, there is a set of core modules complemented by related in-depth project work. You will also choose additional modules as options: these modules will span a range of issues and topics in the real estate and planning areas.
