

School of Biological Sciences

Research Seminars Series
Autumn Term, 2018

Tuesdays 1:00- 1:50pm

Venue – Harborne Lecture Theatre, Harborne Building

2nd October BSBE	CANCELLED
9th October EEB	Dr Farnon Ellwood – University of the West of England, Bristol <i>'Could tropical epiphytes improve the sustainability of oil palm plantations?'</i> Hosted by Prof Rob Jackson
16th October BSBE	Prof Aneta Stefanovska – Lancaster University <i>'Biological oscillations'</i> Hosted by Dr Sillas Hadjiloucas
23rd October BSBE	Dr Patrick Lewis – School of Chemistry, Food and Pharmacy, University of Reading <i>'LRRK2 and genetic pathways to Parkinson's'</i> Hosted by Prof Kim Watson
30 th October EEB	Prof Eric Allan – University of Bern, Switzerland <i>'Biodiversity-ecosystem functioning: from experiments to the real world and back again'</i> Hosted by Prof Tom Oliver
6 th November	NO SEMINAR THIS WEEK
13 th November BSBE	Dr Grishna Pirianov – Anglia Ruskin University, Cambridge <i>'Modulation of macrophage polarization by novel monosaccharide-based Toll-like receptor 4 antagonists (FP7 derivatives): implications in treatment of CVD'</i> Hosted by Prof David Leake
14 th November BSBE	Lowry Lecture – Prof Judith Armitage- University of Oxford <i>'Putting things in the right place; How do bacteria get organised?'</i> Hosted by Prof Kim Watson
20 th November EEB	Prof Andrew Pomiankowski - University College London, <i>'The origin of heredity in protocells'</i> Hosted by Prof Mark Pagel
27 th November BSBE	Dr Chris Faulkes- Queen Mary University London <i>'The extraordinary biology of the naked mole-rat: applications to biomedical research'</i> Hosted by Prof Ketan Patel
4 th December BSBE	Dr Michael Stich- Aston University <i>'Recent advances in biological modelling: Examples from supermolecular oscillations, RNA genotype-phenotype maps and biphasic lifespans'</i> Hosted by Dr Sillas Hadjiloucas
11 th December EEB	Dr Mary J. O'Connell -University of Leeds <i>'On the malleability of proteins and the emergence of novel coding elements'</i> Hosted by Dr Louise Johnson

ALL WELCOME

* BSBE – Biomedical Sciences/Biomedical Engineering
EEB - Ecology & Evolutionary Biology
