

School of Biological Sciences

Research Seminars Series Spring Term 2019

Tuesdays 1:00- 1:50pm

Venue – Harborne Lecture Theatre, Harborne Building

- | | |
|-----------------------------------|---|
| 15 January
BSBE | Prof Jules Griffin - University of Cambridge
<i>'From 40,000 people to 50 um: using mass spectrometry to understand the metabolic effects of type 2 diabetes and its interaction with diet'</i>
Hosted by Prof Kim Watson |
| 22 nd January
EEB | Dr Maria Vorontsova - Royal Botanic Gardens, Kew
<i>'Using grass taxonomy to understand ancient Madagascar'</i>
Hosted by Prof Julie Hawkins |
| 29 th January
BSBE | Dr Hector Zenil - University of Cambridge
<i>'Complexity in Biology: how to cope and how to learn from it'</i>
Hosted by Prof Slawek Nasuto |
| 5 th February
BSBE | Dr Bertram Daum –University of Exeter
<i>'Investigating archaeal cell surface structures by cryoEM'</i>
Hosted by Prof Kim Watson |
| 12 th February
EEB | Dr Tim Newbold – University College London
<i>'Predicting how climate change will interact with land-use change to drive biodiversity change'</i>
Hosted by Dr Manuela Gonzalez-Suarez |
| 19 th February | NO SEMINAR |
| 26 th February
BSBE | Dr Neil Ruparelia – Cardiac Consultant, Royal Berkshire Hospital
<i>'Circulating monocytes after myocardial infarction show distinct activation patterns prior to recruitment and conserved transcriptional responses in mice and humans'</i>
Hosted by Dr Sam Boateng |
| 5 th March
EEB | Dr Isabella Capellini - University of Hull
<i>'The evolution of parental care diversity in mammals and amphibians'</i>
Hosted by Dr Manuela Gonzalez-Suarez |
| 12 th March
BSBE | Prof Nicola Lowe – The University of Central Lancashire
<i>'Biofortification of wheat as a strategy to improve zinc status in Pakistan: the BIZIFED study'</i>
Hosted by Prof Simon Andrews |
| 19 th March
BSBE | Dr Neil Morgan – University of Birmingham
<i>'Inherited bleeding and Endoribonucleases'</i>
Hosted by Dr Alice Pollitt |
| 26 th March
EEB | Dr Mary J. O'Connell – University of Leeds
<i>'On the malleability of proteins and the emergence of novel coding elements'</i>
Hosted by Dr Louise Johnson |

ALL WELCOME

* BSBE – Biomedical Sciences/Biomedical Engineering EEB - Ecology & Evolutionary Biology
