Allowing Popups in ESS for Payslips & P60s

Following our most recent system upgrade Employee Self Service may now require you to allow pop-ups in order to open your payslips and P60s. Below are outlines on where to find the pop-ups options on each of the different browsers:

**Google Chrome**

**Internet Explorer**

If you are using Internet Explorer 11 this should allow your P60s and payslips automatically without having to allow pop-ups.

**Safari**
