• Law school is ranked 10th (of 67 University Law Schools) in the UK for research intensity by the Research Excellence Framework (REF) 2014
• One of the top business schools in the UK
• The Commercial LLM programmes provided in conjunction with the ICMA Centre of Henley Business School, established with funding from the International Capital Market Association.
• Unique in that it combines modules from a Law and a Business School.
• Commercial and corporate law issues are irrevocably linked to financial issues. These programmes will equip students with the knowledge, skills and practical tools needed to gain a thorough understanding of how the global economy and finance is regulated by law.
• LLM students can take some core and optional modules at ICMA providing them with an invaluable opportunity to acquire a unique legal and financial perspective of commercial and corporate law issues.
• LLM students learn to understand business thinking and reality. Their future clients’ thinking!!!
