Dissertations Subject Explorer

LANDSCAPE

Every day we inhabit built and natural environments. The landscape is all around us, all the time, shaping and informing our lives.

The University of Reading now holds the best collection of 20th century landscape archives and library material in the UK.

Our rich and varied landscape collections offer opportunities for students of landscape architecture, design and management; history; geography; architecture; environmental science and ecology.

Types of documents:

Our Landscape Institute collections hold everything from plans, drawings, slides, books, journals and pamphlets to the LI's institutional archive containing all of their corporate records, such as minutes and membership files.

Possible subject areas include:

- The history of the landscape
- Attitudes towards the rural and urban landscape
- Women in landscape architecture
- New towns and urban planning
- Landscape of industry and power
- Changes in the practice of landscape architecture and design
- The emergence and history of the Landscape Institute
Landscape architects and their projects

Details of items held at the University of Reading:

Visit our online catalogue to search our collections. For a general overview of the collections visit our Landscape Institute archive and library page.

- The library collection of the Landscape Institute has been integrated into the open access MERL and Special Collections library (held at MERL).

- **SR LI**: Corporate records of the Landscape Institute

- **AR BRO**: Michael Brown Collection
  - The collection contains drawings, slides and photographs.

- **AR COL**: Brenda Colvin Collection
  - Includes personal papers, project files, correspondence, photographic images, drawings.

- **AR CRO**: Sylvia Crowe Collection
  - The collection contains drawings by Sylvia Crowe and some of her staff, photographs and negatives, and correspondence.

- **AR JAK**: Preben Jakobsen Collection
  - The collection contains drawings, project files, photographs and slides, office records and correspondence.
