Helping students learn and develop

Making the world a better place through education

Shaping the future

Sharing a source of delight

Inspiring students via inspiring colleagues.

T&L is about developing people to allow them to achieve their dreams. I teach because I love seeing how my students grow and develop.

Working in partnership with students to achieve the best they can

Knowledge and passion and students

Helping people become empowered lifelong learners and activists
Pedamantra: T&L is about............. I teach because......

- Developing minds.
- Inspirations and aspiration. It’s fun
- T&L is about the facilitation of learners’ construction of knowledge. I teach because I am passionate in that process.
- Engagement inspire
- T&L is about offering students quality, enjoyable and meaningful opportunities to develop their skills and knowledge. I teach because I care about my students and I love my subject.
- T&L is about communicating and inspiring. I teach because I live to share my enthusiasm for knowledge and understanding.
- Helping people realise their potential.
- T & I is about persuasion, empowerment and satisfaction. I teach because it makes me happy and excited each week.
- T and L is about Growth. I teach because it matters
